

Snapshot of Our Week

Week of 9/4-9/7

First graders had a blast creating our first self portraits! Come check them out in the hallway!

WE EARNED 100 BEES!
We watched a video and had popcorn!

Highlight of our week

Literacy

First graders have loved sharing their favorite books! This week, we have been practicing what Reader's Workshop looks like and sounds like to get ready for our year!

Students have also been practicing putting books away carefully and building up their reading stamina. One day we read quietly for 19 minutes.

Math

This week in math, students are exploring math materials. They are also working on finding small numbers "hidden" inside bigger ones. We used pictures of different items and circled the groups we saw. We built number bonds with paper plates.

Upcoming Events

- Sept. 14 - Welcome BBQ: 5:00 - 7:00
- Sept. 16 - Rosh HaShannah Begins
- Sept. 12 - Hijri (Islamic New Year)
- Sept. 19 - Picture Day!
- Sept. 20 - Open House & Free Spaghetti Dinner 5- 6:30

Science

First graders are working hard to explore science materials like magnifying glasses and clipboards.

Students are so excited about the arrival of the ants! We will start reading about ants and watched a Magic School Bus video about ants.

At Home

Please remember to return the "Home to School" folder to school each day.

If you have not completed the INFOsnap, please do! If you need help, you can call the office at 864-8473.
